

Build up your 2020 New Year Resolutions with Verbatim

It's that time of the year when, after weeks of excess booze and food consumption, we turn our attention to self-improvement with New Year resolutions. Whether this is to cut down on drinking, start eating healthily, reduce spending or to become more environmentally friendly. However, once the novelty of a fresh New Year wears off, resolutions are usually broken within the first few weeks.

So why not set resolutions that are achievable?

Maybe Verbatim can help! We have put together some ideas to help you with your resolutions this year – here's to a New Year filled with much success and happiness!
